The Americas on Shortwave

**Guide to shortwave broadcasts
in the Americas (and Antarctica)**

April 2022

The Americas on Shortwave

This is a guide to shortwave broadcasting in and from the Americas (and Antarctica).

Contents

| | |
|-------|-----------------------------------|
| 3-22 | North America |
| 23-26 | Central America and the Caribbean |
| 27-36 | South America |
| 36 | Antarctica |

Descriptions used in this guide have mostly been taken from radio station websites and Wikipedia.

This guide was last revised on 19 April 2022

Please always check www.dxguides.info for a possible later edition of the guide you are reading.

The editor takes full responsibility for the content in this guide and any errors contained within it.

USA

United States Agency for Global Media (USAGM)

USAGM's mandate comes from multiple pieces of legislation. It is accountable to six bipartisan House and Senate committees. As a federal agency, USAGM's budget request is part of the President's Budget request to the Congress. It provides multimedia broadcast distribution, as well as technical and administrative support to the broadcasting networks. It manages a global network of transmitting sites and an extensive system of leased satellite and fibre optic circuits, along with a rapidly growing Internet delivery system servicing all USAGM broadcasters. It is also the administrative and marketing arm of the Agency. USAGM also oversees five networks: two federal organisations - the Voice of America and the Office of Cuba Broadcasting, which oversees Radio and TV Martí - and three non-profit organisations - Radio Free Europe/Radio Liberty, Radio Free Asia and the Middle East Broadcasting Networks - which receive grants from USAGM.

Voice of America

Voice of America (VOA) is an American international broadcaster funded by the United States Congress. It is the largest and oldest U.S. funded international broadcaster. VOA produces digital, TV, and radio content in 47 languages which it distributes to affiliate stations around the globe. It is primarily viewed by foreign audiences, so VOA programming has an influence on public opinion abroad regarding the United States and its people. VOA is headquartered in Washington, D.C., and overseen by the U.S. Agency for Global Media (USAGM), an independent agency of the U.S. government. Funds are appropriated annually under the budget for embassies and consulates.

Please see separate schedules below for other VOA services:

Voice of America - Studio 7 (for Zimbabwe)

Studio 7 aims to provide extensive and comprehensive coverage of political, economic and social developments in Zimbabwe. On both its radio and Radio-on-TV platforms, Studio 7 offers a variety of programmes targeted to a diverse group of listeners, including women and youth, the diaspora community and rural population, as well as a variety of topics that include religion, culture, health, and sports. Studio 7 broadcasts in Shona and Ndebele with each language programme running for 30 minutes. In addition, Studio 7 airs Livetalk, a 60-minute call-in Radio-on-TV (simulcast) talk show, Monday through Friday. Livetalk is a platform of engagement that allows Zimbabweans in country and in the diaspora to air their views on developments taking place in Zimbabwe and elsewhere.

Radio Free Europe / Radio Liberty

Radio Free Europe/Radio Liberty (RFE/RL) is a United States government-funded organisation that broadcasts and reports news, information and analysis to countries in Eastern Europe, Central Asia, Caucasus and the Middle East where it says that "the free flow of information is either banned by government authorities or not fully developed". RFE/RL is a private, non-profit 501(c) corporation supervised by the U.S. Agency for Global Media, an independent government agency overseeing all U.S. federal government international broadcasting services. The organisation has been headquartered in Prague, Czech Republic since 1995. On shortwave it currently broadcasts in Uzbek, Turkmen and Tajik.

USAGM target broadcasts on shortwave to Afghanistan and Pakistan

VOA and RFE/RL have several broadcasts directed to Afghanistan and Pakistan on shortwave. These are:

- VOA Pashto and VOA Dari (also known as Ashna Radio).
- Deewa (Light) Radio is a Voice of America service in Pashto for the Afghanistan-Pakistan border region.
- Radio Free Afghanistan (Radio Azadi) is the Afghan service of Radio Free Europe/Radio Liberty.
- Radio Mashaal ("Mashaal" meaning "Torch" in Pashto) broadcasts in local Pashto dialects to Pakistan and the border regions between Afghanistan and Pakistan.

Shortwave transmissions from Greenville NC

Edward R. Murrow Transmitting Station

The Edward R. Murrow Transmitting Station at Greenville, North Carolina (Site B) is the last remaining shortwave transmitter site used by the Voice of America that is located in the United States. As well as VOA, it is also used by Radio Martí and also currently relays Vatican Radio and KBS World Radio (for convenience the VOA and Radio Martí transmissions from Greenville already mentioned above have been repeated here).

Shortwaves for Freedom

Shortwaves for Freedom

The people in Russia, as well as those in Ukraine and other countries where Russian, Ukrainian and English are spoken in the imperiled region, need to hear the truth about the carnage President Putin has unleashed.

With Moscow silencing foreign media in Russia, threatening to send reporters to jail and censoring all war information, objective outside information is critically needed not only for Russia, but also for Ukraine and surrounding countries.

Such content, produced by the U.S. government-funded Voice of America and Radio Free Europe/Radio Liberty is being disseminated on the internet and TV. But these Russian, Ukrainian and English language programs are not being distributed through the simplest technology that skirts censorship and internet shutdowns -- shortwave (and medium wave) radio.

The parent agency of VOA and RFE/RL, the U.S. Agency for Global Media, apparently has decided not to air such transmissions (unlike the BBC). As these programs are in the public domain, we plan to air them live and on tape delay by purchasing air time on commercial shortwave stations in the United States and Europe. These powerful transmitters (with hundreds of thousands of watts and large antenna systems) can easily reach Russia, Ukraine and the rest of Eastern Europe where hundreds of millions of people still listen to radio. These potential listeners will be alerted through social media as to what frequencies and times to listen for these critical programs.

We need your help to pay for the transmission costs until there comes a time when USAGM (like BBC) can be persuaded to utilize its own facilities (which are paid for by U.S. taxpayers).

Even a small donation will make a difference as airtime can be obtained for as little as \$50 for a 30-minute slice of airtime that can be potentially heard around the world. Of course, the more money we raise gives us access to more powerful transmitters and more airtime.

This group has been started by members of the general public, policy professionals, academics, radio enthusiasts and others who feel this is a critical mission at a critical time. Help us be a part of world history. After all, jazz music aired by the VOA and the allure of blue jeans is credited with bringing down the Iron Curtain as much as anything else!

You can play a crucial role in this exercise of soft power to counter the guns, rockets and missiles of the Russian army intent on exterminating the Ukrainian nation and possibly other freedom-loving sovereign states.

Kate Neiswender, Esq., Shortwaves for Freedom; for more information and how to make a donation, please see https://fundrazr.com/radiowaves?ref=ab_1SZpTSylbui1SZpTSylbui

WRMI Facebook announcements on 13 April 2022: Shortwaves for Freedom needs your help:

As of Monday 18 April 2022, WRMI will be transmitting three hours per day of Radio Liberty in Russian:

1300-1400 UTC on 15770 kHz

0200-0300 UTC on 7730 kHz

0400-0500 UTC on 7730 kHz

We will also continue to transmit the Voice of America's "Flashpoint Ukraine" program in English at 1930-2000 UTC Monday-Friday on 15770 kHz.

All of these transmissions are made possible by listener contributions to Shortwaves for Freedom, which purchases the airtime at greatly discounted rates. SFF sponsors broadcasts of Radio Liberty on other stations as well. They would like to expand these broadcasts to Russia, Ukraine and Eastern Europe, but they need additional donations in order to do so. Please see their crowdfunding site below for more information. If you are able, we encourage you to help Shortwaves for Freedom get truthful and reliable information to Russians and to the other people affected by the war in Ukraine.

Private U.S. Shortwave Stations

There are currently 12 private U.S. shortwave stations either active or temporarily off-air. Most either relay international broadcasters or air programming from groups or individuals, particularly religious content. These stations in call-sign order are as follows (see further below for times and frequencies of each station):

WEWN - EWTN Global Catholic Network

WEWN is the shortwave radio outlet of the EWTN, a large Catholic international broadcaster based in Irondale, Alabama. It was launched by Mother Angelica on December 28, 1992. WEWN broadcasts from the city of Vandiver, Alabama, in the vicinity of the Birmingham metro area. There are four transmitters capable of 500 kilowatts each, but are run no higher than 250 kW. The station currently transmits English programming to Africa, Southeast Asia, the Middle East and Europe, and Spanish programming to South America, the Caribbean, Mexico and Central America. Programming is similar to that of the network's television channel.

WEWN-1

| Time/UTC | Days | Language | kHz | Transmitter site | kW | Az. | CIRAF | Area/notes |

Note: details of EWTN programming can be found on their [website](#).

WHRI - World Harvest Radio

World Harvest Radio International (WHRI) was a shortwave radio station in the United States, broadcasting conservative religious programming worldwide in the English language on a number of frequencies. Part of the Family Broadcasting Corporation Christian broadcasting group. In August 2020, it was announced that WHRI was selling its facilities at Cypress Creek, South Carolina, to Allen Weiner, owner of Monticello, Maine-based shortwave station WBCQ, pending FCC approval. However, he later said his purchase agreement had expired in August citing FCC delaying tactics.

WINB Shortwave - World International Broadcasters

WINB is a brokered Christian shortwave radio station licensed to Red Lion, Pennsylvania. WINB began broadcasting in October 1962, making it the oldest private shortwave radio station in the United States that is still in operation.

| Time/UTC | Days | Language | kHz | Transmitter site | kW | Az. | CIRAF | Area |
|-----------|---------|----------|-------|------------------|----|-----|----------|-----------------------------|
| 0700-1000 | Mon-Fri | English | 9265 | Red Lion PA | 15 | 062 | 27,37,38 | Europe (Hybrid DRM) |
| 1000-1100 | Mon-Fri | English | 13655 | Red Lion PA | 15 | 062 | 27,37,38 | Europe (Hybrid DRM) |
| 1000-1700 | Sat/Sun | English | 9265 | Red Lion PA | 50 | 242 | 10,11 | Central America & Caribbean |
| 1100-1700 | Mon-Fri | English | 15750 | Red Lion PA | 15 | 062 | 27,37,38 | Europe (Hybrid DRM) |
| 1700-0700 | Daily | English | 9265 | Red Lion PA | 50 | 242 | 10,11 | Central America, Caribbean |

Note: some programmes may be in Spanish; details of WINB programming can be found on their [website](#).

WJHR Radio International

WJHR is a Christian radio station in Milton, Florida.

| <i>Time/UTC</i> | <i>Days</i> | <i>Language</i> | <i>kHz</i> | <i>Transmitter site</i> | <i>kW</i> | <i>Az.</i> | <i>CIRAF</i> | <i>Area</i> |
|-----------------|-------------|-----------------|------------|-------------------------|-----------|------------|--------------|---------------|
| 1400-2200 | irregular | English | 15555-usb | Milton FL | 50 | 005 | 4 | North America |

Note: when active is reported to be on low power

WMLK Radio

WMLK Radio is owned by the Assemblies of Yahweh. WMLK takes its name from MLK, representing the consonants of the Hebrew word "malak", meaning a "messenger" or angel. WMLK Radio has been off air since a fire in 2017. However, a message on the station's website indicated that they intended to be back on air by the end of October 2021 (but still not back by 28 November 2021). Further details can be found at wmlkradio.net.

WRMI - Radio Miami International

WRMI (Radio Miami International) broadcasts from Okeechobee, Florida, United States. WRMI is a commercial radio station that sells airtime to businesses and organisations. It relays several international broadcasters, some religious stations, as well as original and syndicated programmes.

| | | | | | | | |

Note: Some transmissions are not daily; details of WRMI's latest programming can be found on their [website](http://www.wrmi.com).

Monitored WRMI Sunday Evening / Monday Morning (UTC) 7730 kHz Schedule

Richard Langley regularly monitors WRMI on a weekly basis and posts his findings to the WOR iog.

Here are Richard's observations for **Sunday evening, 10-11 April 2022 UTC:**

2100 Voice of the Report of the Week
2200 Radio Taiwan International in Spanish
2230 Aletheia Quest
2300 Radio Prague International in French (Dimanche Musicale; classical music)
2330 Shortwave Radiogram (#251)
0000 Radio Slovakia International in Slovak
0030 Radio Slovakia International in English
0100 Searching His Word from Alameda Bible Fellowship (actual human recording advocating leaving established churches; same program as past few months; "all 52 books of Jeremiah" books? he means chapters; you'd think he'd get it right)
0130 Oldies (not Mike's Vintage Gospel)
0200 Radio Svoboda in Russian
0300 Radio Slovakia International in English (as above)
0330 Soteriah International Ministry
0400 Radio Svoboda in Russian (audio dropout temporarily after about 35 minutes and switch to a music feed for a couple of minutes before returning to Radio Svoboda)
0500 Ukrainian Radio (mostly Ukrainian but with English segment "Ukraine: security issue" read by a man just after top of hour)
0600 Radio Tirana in English (travelogue with commentary and music)
0631 Sign-off after WRMI ID and a few tens of seconds of Brother Stair

(Richard Langley, WOR iog)

WRNO Worldwide

WRNO (also known as WRNO Worldwide) is a commercial shortwave radio station which began international broadcasting on 18 February 1982 and continued regular broadcasting through the early 1990s from Metairie, Louisiana, with a continuation of periodic broadcasts starting in 2009. The WRNO call letters are still in use by the New Orleans station WRNO-FM; both were founded and originally owned by Joseph Costello III.

| Time/UTC | Days | kHz | Transmitter site | kW | Az. | CIRAF | Area |
|-----------------|-------------|------------|-------------------------|-----------|------------|--------------|------------------------------------|
| 0100-1300 | Daily | 7505 | New Orleans LA | 50 | 020 | 3-5,9-11,17 | North & Central America, Caribbean |

Note: As well as English, programmes have also been reported in other languages such as Hindi and Chinese.

Note: details of WTWW programming can be found on their [website](#).

WWCR Shortwave

WWCR is a shortwave radio station located in Nashville, Tennessee. WWCR uses four 100 kW transmitters to broadcast on several frequencies. WWCR mainly leases out its transmitters to religious organisations and speakers, as well as serving as the shortwave home of Genesis Communications Network's programmes. However, it does air a few hours of original programming per week. F.W. Robbert Broadcasting also owns the AM stations WNQM in Nashville, WMQM and WLRM in Memphis, WITA in Knoxville, and WVOG in New Orleans. Some of WWCR's programming is also broadcast on these local stations.

Transmitter site: Nashvill, Tennessee - 4 x 100 kW.

WWCR-1

Texas Radio Shortwave

Texas Radio Shortwave produces and broadcasts eclectic music programming over free and non-profit radio stations in North America & Europe.

Transmitter sites: Channel 292, Rohrbach, Germany (rob) - 10 kW; WRMI, Okeechobee, Florida - 100 kW; WBCQ, Monticello, Maine (bcq) - 50 kW.

For the latest news from Texas Radio Shortwave see www.facebook.com/texasradiosw/

Selected U.S. produced programmes aired on shortwave (religious)

University Network

William Eugene Scott (14 August 1929-21 February 2005) was an American pastor and teacher who served for almost 50 years as an ordained minister and broadcaster in Los Angeles, California. In 1975, Scott began a series of broadcasts which resulted in the creation of the University Network. By 1983, this network was broadcasting his sermons 24 hours a day via satellite to the United States and Canada, as well as to much of Mexico and the Caribbean. By 1990, his network was available to 180 countries, and by 1992 his sermons were being broadcast in several languages on AM, FM and shortwave radio. Drawing from nearly 30 years of recorded programming, Scott's radio, satellite and television ministry continues to be broadcast, although on different stations and at different times. Melissa Scott, his second wife from August 2000 until his death, is the successor of his ministry and present pastor of Faith Center and C.E.O. and President of the University Network.

Shortwave transmitters were installed in 1991 at Caribbean Beacon in Anguilla by Dr Gene Scott, who bought the station in 1996 (then operating with two mediumwave transmitters) for his University Network operation. Caribbean Beacon in Anguilla has been inactive since the devastating hurricanes that swept through the region in 2017. Stig Hartvig Nielsen commented on the MWC iog "The Caribbean Beacon (FM, MW, SW) is closed and has stopped broadcasting - according to the government authorities of Anguilla. So I suppose – not just “currently inactive” - but rather: "gone for good".

WLC Radio

WLC (World's Last Chance) is developing a series of "pertinent End-Time messages" that are broadcast worldwide.

The Overcomer Ministry (Brother Stair)

The Overcomer Ministry website explains "From a small farm in the state of South Carolina in the United States of America, Brother Stair trumpets the message of the soon return of the Lord Jesus Christ. It is from his radio room that the Last Day Prophet of God is reaching every nation of the world. One message he has preached faithfully for over forty years and that is ... "Jesus Christ is Coming in your Lifetime. This is the Last Generation, The Last Hour. Prepare to Meet your God!". Ralph Gordon Stair (3 May 1933-3 April 2021), also known as Brother R. G. Stair, or simply Brother Stair, was an American radio evangelist based in Walterboro, South Carolina. Despite his death, the ministry continues to buy airtime on several transmitters to air past programmes recorded by Brother Stair. Overcomer Ministry shortwave schedule for A22 coming soon.

Shortwave pirate

There are several regular shortwave pirate radio stations operating in the United States but the one which seems to attract a lot of attention for DXers is YHWH:

YHWH

YHWH is a US-based religious pirate station that is widely heard in North America.

| Time/Days | Language | kHz |

| irregular | English (preaching) | recent freqs include 7475 9700 9775 11840 |

Central America & the Caribbean

Anguilla

Caribbean Beacon (University Network)

Shortwave transmitters were installed in 1991 at Caribbean Beacon in Anguilla by Dr Gene Scott, who bought the station in 1996 (then operating with two mediumwave transmitters) for his University Network operation. Caribbean Beacon in Anguilla has been inactive since the devastating hurricanes that swept through the region in 2017.

Stig Hartvig Nielsen commented on the Medium Wave Circle iog "The Caribbean Beacon (FM, MW, SW) is closed and has stopped broadcasting - according to the government authorities of Anguilla. So I suppose - not just "currently inactive" – but rather: "gone for good".

Cuba

Radio Progreso

Radio Progreso airs music and cultural programmes throughout Cuba. It uses a 50 kW shortwave transmitter at Bejucal that provides reception throughout the Caribbean and beyond. The slogan of Radio Progreso is "La Onda de la Alegria".

| <i>Time/UTC</i> | <i>Days</i> | <i>Language</i> | <i>kHz</i> | <i>Transmitter site</i> | <i>kW</i> | <i>Az.</i> |
|-----------------|-------------|-----------------|------------|-------------------------|-----------|------------|
| 0130-0500 | Daily | Spanish | 4765 | Bejucal | 50 | ND |

Radio Rebelde

Radio Rebelde (English: Rebel Radio) broadcasts 24 hours a day with a varied programme of national and international music, news reports and live sport events. The station was set up in 1958 by Che Guevara in the Sierra Maestra region of eastern Cuba, and was designed to broadcast the aims of the 26th of July Movement led by Fidel Castro. Transmitting on shortwave, Radio Rebelde also broadcast the latest combat news, music and spoken literature to the people of Cuba during the Cuban Revolution. Today, Radio Rebelde has forty-four transmitters on the FM dial covering 98 percent of the island of Cuba, plus a shortwave signal 5025 kHz and several AM transmitters on various frequencies, most commonly 530, 540, 550, 560, 600, 610, 620, 670, 710, and 770 kHz.

| <i>Time/UTC</i> | <i>Days</i> | <i>Language</i> | <i>kHz</i> | <i>Transmitter site</i> | <i>kW</i> | <i>Az.</i> |
|-----------------|-------------|-----------------|------------|-------------------------|-----------|------------|
| 24 hours | Daily | Spanish | 5025 | Bautal | 100 | ND |

Radio Habana Cuba

Radio Habana Cuba (RHC) is the official government-run international broadcasting station of Cuba. It can be heard in many parts of the world on shortwave. RHC broadcasts in nine languages: Spanish, English, French, Portuguese, Arabic, Quechua, Guarani, Creole and Esperanto, 24 hours a day, with varied programming that includes news, music and features. RHC's English-language broadcasts are heavily centered on the United States and feature news items that uniformly adversely reflect upon the U.S. government and the current administration, especially its foreign policies.

As Cuba does not register its frequencies with the HFCC, this schedule has been compiled with the help of information in Ivo Ivanov's DX Bulgaria blog, the Aoki list, Eike Bierwirth's EiBi schedules and Glenn Hauser's monitoring observations.

Mesa Redonda Internacional

Mesa Redonda Internacional (Spanish for "International Round Table") is a Latin American news analysis talkshow broadcast by teleSUR live from Havana, Cuba, on Thursday nights. The programme is, according to the description given of it in the network's website, "a television program for the integration of various forms of (political and social) thought throughout our continent" (Latin America). The programme is relayed by Radio Habana Cuba at 2300-0000:

| <i>Time/UTC</i> | <i>Days</i> | <i>Language</i> | <i>kHz</i> | <i>Transmitter site</i> | <i>kW</i> | <i>Az.</i> | <i>Target</i> |

Target broadcasts to Cuba on shortwave

Radio Martí

The Office of Cuba Broadcasting (OCB) oversees Radio and Television Martí at its headquarters in Miami, Florida, providing news, information and analysis to the people of Cuba. See schedule under USA - USAGM entry.

Radio República

The Cuban Democratic Directorate (Directorio Democrático Cubano) is a non-governmental organisation that supports the human rights movement in Cuba. The Directorio operates Radio República, with programming focused on internal Cuban social dynamics and features extensive coverage of the opposition movement, international news relating to Cuba, and social issues on the island.

Guatemala

Radio Verdad

Radio Verdad (English: Radio Truth) is an evangelical radio station founded by Dr. Édgar Amílcar Madrid Morales in 1967. Manuel Méndez (via AER El Dial) reported on 18 July 2021: Radio Verdad, Chiquimula, which broadcasts on 4055 kHz, has been inactive for months due to transmitter failure. Its director Edgar Amilcar Madrid, has tried to repair it, as other times that said transmitter has been broken down, with the help of a Canadian engineer, but according to mail received from Mr. Edgar Amilcar, this time it seems that the problems are greater and will be off the air at least until next year. Hopefully Radio Verdad, the only Guatemalan shortwave station, and one of the few remaining in Latin America, can solve the transmitter problem and re-broadcast normally. This is the email received from Radio Verdad: "The situation became more difficult, because the Engineer of Canada says that it is extremely expensive to travel to Guatemala this year, because of the extreme of expenses that it would represent, due to the demands of the pandemic. He believes that until next year he could come to repair it. The Engineer says it's time we thought about buying a new transmitter, and that will take a lot of money". Manuel Méndez (via AER El Dial) via WOR iog.

Mexico

Radio Educación - Cultura México Señal Internacional (XEPPM-OC)

Radio Educación is a cultural radio station in Mexico, based in Mexico City. Radio Educación airs Spanish-language cultural and educational programming. The primary broadcast signal is XEEP- AM 1060 kHz. Radio Educación also operates a shortwave station, XEPPM-OC on 6185 kHz, as well as FM stations. Radio Educación is an independent agency of the Secretariat of Culture, which was created in 2015. Prior to then, it was operated by the Secretariat of Public Education in cooperation with the National Council for Culture and Arts.

Bolivia

In the mass media in Bolivia there are nearly 200 privately owned television stations, but because rural regions of the country have few televisions and television reception is poor in many areas of the country, radio remains an important news disseminator. At last count, Bolivia had more than 480 radio stations, most of which were regional in scope.

Bolivian stations believed to be active on shortwave (further details below)

| kHz | Station | Location | kW |
|------------|-------------------------|-------------------------|-----------|
| 3310 | Radio Mosoj Chaski | Cotapachi | 10 |
| 5935 | Radio Yura | Yura | 1 |
| 5952.5 | Radio Pio XII, Siglo XX | Llallagua | 5 |
| 6135v | Radio Santa Cruz | Santa Cruz de la Sierra | 10 |

Radio Mosoj Chaski

Mosoj Chaski is a ministry that communicates the Word of God in the Quechua language for the growth and maturity of the Quechua people and the Quechua Church. Their mission is to use different forms of media to communicate the Word of God, providing opportunities for discipleship and leadership development which will prepare the Quechua believers to live out their faith in their cultural context.

Transmitter site: Cotapachi - 10 kW.

| Time/UTC | Days | Languages | kHz |
|-----------------|-------------|------------------|------------|
| 0900-1300 | Daily | Quechua/Spanish | 3310 |
| 2200-0100 | Mon-Fri | Quechua/Spanish | 3310 |
| 2200-0130 | Sat/Sun | Quechua/Spanish | 3310 |

Note: sign-on/sign-off times may vary slightly.

Radio Yura

Radio Yura is located in the town of Yura, Provincia Antonio Quijarro, Departamento de Potosí. The project to set up the radio station was launched in 1995 by Catholic TV station Canal 18. Radio Yura first appeared on shortwave in spring 2000. The radio station is dedicated to preserving what is left of the original culture, which has practically disappeared in parts of the Bolivian altiplano, but appears almost intact in the region of Yura. A special feature of this culture is an organisational form called the ayllu. The station is catering to the needs of the local population and thus uses the slogan La Voz de los Ayllus.

Transmitter site: Yura - 1 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 2240-0100 | Daily | Spanish | 5935 |

Note: sign-on/sign-off times may vary slightly.

Radio Pio XII, Siglo XX

Radio Pio XII, Siglo XX is located in the Siglo XX mining district in the north of the department of Potosí and is part of the Catholic network of Pio XII radio stations that broadcast in various departments of Bolivia. Pope Pius XII (Italian: Pio XII) was head of the Catholic Church and sovereign of the Vatican City State from 2 March 1939 until his death in 1958. Before his election to the papacy, he served as secretary of the Department of Extraordinary Ecclesiastical Affairs, papal nuncio to Germany, and Cardinal Secretary of State, in which capacity he worked to conclude treaties with European and Latin American nations.

Transmitter site: Llallagua - 5 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 1000-1400 | Daily | Spanish/Quechua | 5952.5 |
| 2100-0100 | Daily | Spanish/Quechua | 5952.5 |
| 0100-0200 | Daily | Aymara | 5952.5 |
| 0200-0230 | Daily | Spanish/Quechua | 5952.5 |

Note: sign-on/sign-off times may vary slightly.

Radio Santa Cruz

Radio Santa Cruz is operated by Fundación "Instituto Radiofónico Fe y Alegría" (IRFA), an institution dedicated to the education of Bolivian adolescents, youth and adults, through the radio system of its programme "El Maestro en Casa". It offers formal education at the literacy and primary levels, training courses for volunteer teacher guides, who provide the service to the students of the programme. Its mission states "We are an institution of the Society of Jesus with an Ignatian spirit, specialized in education and communication. We commit our work with the less favored sectors of the east and the Bolivian Chaco. We produce educational messages to contribute to the construction of a society with development, comprehensive, educated, fair and equitable". IRFA is based in Santa Cruz and its coverage extends to 25 municipalities in this department, in addition to several municipalities in Beni, Pando, Potosí, the Chuquisaqueño and Tarijeño Chaco.

Transmitter site: Santa Cruz de la Sierra - 10 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 1100-0200 | Daily | Spanish/Aymara | 6135v |

Note: times of operation may be extended if a local football match is being covered.

Brazil

Empresa Brasil de Comunicação

Empresa Brasil de Comunicação (Brazil Communication Company), aka EBC, is a Brazilian public company, created in 2007 to manage the federal government's broadcast network, TV Brasil. EBC is responsible for the content and management of TV Brasil, TV Brasil Internacional, eight EBC radio stations (Rádio Nacional do Rio de Janeiro, Rádio Nacional AM de Brasília, Rádio Nacional FM de Brasília, Rádio Nacional da Amazônia, Rádio Nacional do Alto Solimões, Rádio MEC AM do Rio de Janeiro, Rádio MEC FM do Rio de Janeiro, e Rádio MEC AM de Brasília), the news agency Agência Brasil, audio news agency Radioagência Nacional and the EBC Portal. As part of the services provided by the holding, EBC is responsible for the government's official channel TV NBR, and the radio programme A Voz do Brasil.

EBC Digital Tests

DRM broadcasts for the northern Amazon region have been made with the intention of providing a regular service. Empresa Brasil de Comunicação (EBC), the public broadcaster, has placed an order for a 100 kW DRM transmitter with a local manufacturer, the BT Transmitters company from Porto Alegre. The intention is to broadcast on 11780 kHz, which is one of the shortwave channels used by Rádio Nacional da Amazônia since 1977. In the meantime, Rádio Nacional da Amazônia has carried out DRM tests on 11910 kHz using a transmitter of 2.5 kW with the digital power of just 1 kW. EBC demonstrated then, for the first time in the country, the use of multi-programming and the transmission of interactive multimedia applications.

A Voz do Brasil

A Voz do Brasil ("The Voice of Brazil") is a governmental radio programme in Brazil produced by Empresa Brasil de Comunicação, the country's public broadcaster. The programme must be aired at any one-hour slot between the time frame of 1900 to 2200 local time by all Brazilian radio stations every weeknight excluding national holidays and other occasions. It is the oldest radio programme in the country and the longest-running in the Southern Hemisphere. All of the shortwave stations listed below will air A Voz do Brasil.

Brazilian stations believed to be active on shortwave

The following Brazilian radio stations (in frequency order) have broadcast on shortwave in the last year or two.

| kHz | Station | Location | State | Region | kW | notes |

| 15190 | Rádio Inconfidência | Belo Horizonte | Minas Gerais | Southeast | 5 | |

Details of each station operating on shortwave are given below in alphabetical order:

Rádio Alvorada de Parintins

Rádio Alvorada de Parintins belongs to the Diocesis of Parintins, a municipality in the far east of the state of Amazonas. It is also part of a micro-region also named Parintins. It broadcasts on 1380 and 4965 kHz.

Transmitter site: Parintins - 5 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 2200-0200 | Daily | Portuguese | 4965 |

Rádio Aparecida

Rádio Aparecida is based in Aparecida, a city in the state of São Paulo. It operates on AM, FM and shortwave. The station belongs to Rede Aparecida de Comunicação and it heads Catholic Radio Network (RCR), where programmes are sent via satellite to partner broadcasters.

Transmitter site: Aparecida - 25 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 0830-0400 | Daily | Portuguese | 6135 |

Célio Romais sent the following to Glenn Hauser on 22 May 2021: "It has been a while since Rádio Aparecida turned off its transmitters on 5035, 9630 and 11855 kHz. Remains on the air, only 6135. Meanwhile there are rumors that this channel could also be silenced by December of this year, motivated by the pandemic crisis and low audience on SW. Therefore, if you do not yet have a printed QSL from the station, get busy! Send a reception report to the station by p-mail to Caixa Postal 2, CEP 12.570-0970, Aparecida (SP), Brazil. [gh's translation] (WOR iog, 22 May 2021)

Rádio Brasil Central

Rádio Brasil Central (RBC) is located in Goiânia, in the state of Goiás. It operates on 1270, 4985 and 11815 kHz, and FM, and in the case of the two shortwave frequencies reaches across Brazil, which has given it recognition throughout the country. It has a diverse programme, with emphasis on country music, journalism and sports (the radio's sports team is known as Escreta de Ouro). It is a broadcaster belonging to the Government of the State of Goiás.

Transmitter site: Goiânia - 10 kW on 4985 kHz; 7.5 kW on 11815 kHz.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 24 hours | Daily | Portuguese | 4985 11815 |

Rádio Clube do Pará

Rádio Clube do Pará is based in Belém, capital of the state of Pará. It operates to belongs to Grupo RBA de Comunicação. Founded in 1928, it is the pioneer of the state and also of the North Region of Brazil. Its studios are at the headquarters of Grupo RBA de Comunicação in Marco, and its transmitters are in the Guanabara neighborhood, within the Utinga Environmental Park. It operates on 690 and 4885 kHz, and FM.

Transmitter site: Belém - 10 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|------------|
| 24 hours | Daily | Portuguese | 4885 |

Rádio Congonhas

Rádio Congonhas is operated by Fundação Radiodifusora de Congonhas from the city of Congonhas, Minas Gerais in southeastern Brazil. It migrated from AM to FM in 2019. It had operated on 4775 kHz but may now be inactive.

Transmitter site: Congonhas - 1 kW.

| Time/UTC | Days | Language | kHz |
|-----------------|-------------|-----------------|---------------------------|
| 0800-0400 | Daily | Portuguese | 4775v - possibly inactive |

Note: checked 5 July 2021 at 2200 UTC using the near local SDR at Pardino, but only Radio Tarma in Peru was heard.

Rádio Cultura Araraquara

Rádio Cultura is located in Araraquara SP and broadcasts a mix of news, sport and music. Its main FM frequency is 97.3 with the shortwave transmitter on 3365 kHz heard again since early August 2021 after a period off-air.

| Time/UTC | Language | kHz |
|-----------------|-----------------|------------|
| irregular | Portuguese | 3365 |

Rádio Difusora Acreana

Rádio Nacional (National Radio) is a Brazilian radio network belonging to the government-owned corporation EBC (Empresa de Comunicação, Brazil Communication Company), formerly known as Radiobrás. Rádio Nacional da Amazônia on shortwave 6180 and 11780 kHz provides speech programming, news, music, radio drama and a service to the Amazon region.

Transmitter site: Brasília - 250 kW on both 6180 & 11780 kHz.

| Time/UTC | Days | Language | kHz |
|-----------|-------|------------|------------|
| 1100-0300 | Daily | Portuguese | 6180 11780 |

Rádio Nove de Julho

Rádio Nove de Julho is a radio station located in São Paulo belonging to the Archdiocese of São Paulo.

Transmitter site: São Paulo - 10 kW.

| Time/UTC | Days | Language | kHz |
|----------|-------|------------|-------|
| 24 hours | Daily | Portuguese | 9820v |

Rádio Relógio AM

Rádio Relógio AM (also known as Rádio Relógio Federal) is headquartered in Rio de Janeiro, capital of the state of the same name. It operates 580 and 4905 kHz, and also FM, and belongs to the International Communication Foundation, the media arm of the International Church of the Grace of God. Its studios are in the church temple in the Taquara neighbourhood its transmission antenna is in Jardim Catarina, São Gonçalo.

Transmitter site: São Gonçalo - 5 kW.

| Time/UTC | Days | Language | kHz |
|-----------|-------|------------|------|
| 0730-0300 | Daily | Portuguese | 4905 |

Rádio Rio Mar

Rádio Rio Mar is based in Manaus, the capital and largest city of the Brazilian state of Amazonas, and belongs to the Archdiocese of Manaus. It is a partner of the Catholic Radio Network (RCR). Rádio Rio Mar has migrated from AM to FM but continues to operate a shortwave transmitter on 6160 kHz.

Transmitter site: Manaus - 7.5 kW.

| Time/UTC | Days | Language | kHz |
|-----------|-------|------------|------|
| 0900-1400 | Daily | Portuguese | 6160 |

Rádio Roraima

Rádio Difusora Roraima is located in Boa Vista, the capital of the state of Roraima in northern Brazil. It has been on air since 1957, carrying information, music and entertainment.

Transmitter site: Boa Vista - 10 kW.

| Time/UTC | Days | Language | kHz |
|-----------|-------|------------|--------------------------|
| 0800-0400 | Daily | Portuguese | 4875 - possibly inactive |

Note: checks made by Tony Rogers since May 2021 using the TWR SDR in Boa Vista have shown Rádio Roraima to be absent on 4875 kHz during the time it is scheduled (0800-0400 UTC). The mediumwave outlet on 590 kHz is heard loud and clear and does announce 4875 kHz at 2300 UTC straight after the conclusion of "Voz do Brasil".

Rádio Saturno

From BDXC-UK Communication: Bryan Clark in New Zealand writes: Since 31 October I have been trying to identify a new station on 6150 in Portuguese, with weak but clear reception in New Zealand peaking around 0630 to 0900 UTC. Time checks for UTC - 3 pointed to Brazil. I asked some Brazilian DXers for help and they were able to confirm the station is Radio Saturno in Belo Horizonte. Saturno's facebook page proudly proclaims they broadcast on 92.3 FM and 6150 shortwave. So a reception report with audio file was duly dispatched. Saturno's overnight response (translated) - "Greetings friend Bryan, Radio Saturno is very happy with your report and confirms its reception at 6,150 KHz. Soon we will send you an electronic QSL!" (Bryan Clark via WOR 3 Nov) Manuel Mendez heard Radio Saturno with a clear signal in NW Spain around 0717 UTC on 21 November with pop songs in English and Portuguese, the ID was "Radio Saturno a sua melhor companhia" (Manuel Méndez)

Transmitter site: Belo Horizonte.

| Time/UTC & Days | Language | kHz |
|--------------------------|------------|------|
| schedule to be confirmed | Portuguese | 6150 |

Rádio Voz Missionaria

Rádio Voz Missionaria is based in Camboriú, a municipality in the state of Santa Catarina in the South region of Brazil. The station's mission is to "lead the preaching of the genuine gospel of the Word of God based on the Holy Bible, as well as good information and entertainment" and to "reach affiliates who maintain missionary work through Last Minute Missionary Gideons" (as translated into English). They also stated their "goal is also to be helpers with social work for the poor and to provide assistance to the needy both in Brazil and abroad". Their website refers to 5940, 9665 and 11750 kHz, although the latter is believed to be inactive.

Transmitter site: Camboriú - 10 kW on both 5940v & 9665v kHz.

| Time/UTC | Days | Language | kHz |
|-----------|-------|------------|-------------|
| 0800-2100 | Daily | Portuguese | 9665v |
| 2100-0800 | Daily | Portuguese | 5940v 9665v |

Super Rede Boa Vontade

Super Rede Boa Vontade (Super Good Will Radio) is a station based in Esteio, Rio Grande do Sul. The radio station is owned by the Super Rede Boa Vontade de Rádio, a network of radio stations belonging to Legião da Boa Vontade (LBV), an organisation chaired by José de Paiva Netto. It transmits statewide programming, but also has local programmes (with the Comando da Esperança, Momento Esportivo e Viver é Melhor) for the whole of Greater Porto Alegre on AM 1300 and for all of Brazil on shortwave.

Transmitter site: Porto Alegre - 10 kW on 9550 & 11895 kHz; 1 kW on 6160 kHz.

| Time/UTC | Days | Language | kHz |
|----------|-------|------------|--|
| 24 hours | Daily | Portuguese | 6160 9550 and between 0600-0100 UTC on 11895 |

Chile

Radio Triunfal Evangélica

Radio Triunfal Evangélica is an evangelical radio station in Talagante that has been on air since 1988.

Transmitter site: Talagante - 0.5 kW.

| Time/UTC | Days | Language | kHz |
|------------|---------|----------|------|
| 2200-0000v | Fri-Wed | Spanish | 5825 |

Radio Compañía Worldwide

Radio Compañía Worldwide (RCW) is an unlicensed international Chilean radio service located in San Francisco, Chile. The says "it is a FREE radio station that was born from the unfortunate and constant disappearance of "Onda Corta" stations, whose mission is to keep Chile in the HF bands and to disseminate cultural, informative and musical programming. RCW is the only station in the country that currently broadcasts on shortwave. In the creation of RCW, it is undeniable to recognise that it was inspired by the old Dutch RNW Radio Nederland Wereldomroep.

Transmitter sites: San Francisco - RCW's shortwave transmitting centres are named after Chilean heroes: General Carrera Station, currently in service, has a power of 45 AM watts (0.045 KW) with an extended dipole antenna for the 43 and 41 meter band. This station is equipped to emit up to 1 kW of effective power from 49, 43 and 41 meters bands (the Rodríguez Erdoíza Station, currently in standby, has a power of 45 Watts AM (0.045 KW) with a G5RV inverted V-type dipole antenna capable of emitting in bands of 90, 75, 49 and 41 meter band. This station is powered to excite up to 150 effective watts).

| Time/UTC | Days | Language | kHz |
|----------|-----------|----------|---|
| varies | irregular | Spanish | frequencies that may be used include 3910, 5810, 6210, 6925 and 7610. |

Lucio Otavio Bobrowiec posted the following to the WOR iog on 22 January 2022: From RCW's Facebook page: (translation from Spanish by Google) "RCW NEWS! Dear Friends: Today RCW has started a major upgrade and testing of its new 100 watt powered Shortwave transmitter using a fully solid state PWM system with continuous operation. Today's special transmission was made from the "test site" by the frequency of 6925 KHz in the 43-meter band, together with 7610 KHz in the 41-meter band via "Rodríguez Erdoíza", becoming the first of its kind in RCW history. Our dear friend and engineer is finishing the necessary adjustments so that in a short time the new 100-watt transmitter will officially be used regularly from plant No. 2 "Rodríguez Erdoíza" in frequencies of 5810, 6210, 6925 or 7610 KHz. But that's not all, it will be added to the new transmitter, other stages and elements to obtain an effective antenna power of 1000 watts (1 kW). We hope, God willing, it can start operations this year 2022. This transmitter will be taken for installation and put on the air at plant No. 1 "General Carrera", a suitable place to operate at that power. We thank all the friends and faithful listeners of "The little one of the South American Short Wave" for your attention with us.

Colombia

Colombian religious station

A station often referred to as "La Montaña Colombia" is reported to be located in Maicao, a city and municipality in the Department of La Guajira, northern Colombia. It is located 76 km from Riohacha, the capital of the department and is the second largest urban center near the border with Venezuela, after the city of Cúcuta. It is regularly heard on shortwave 4940 kHz with evangelical programmes.

Transmitter site: Maicao - 1 kW.

| Time/UTC | Days | Language | kHz |
|-----------|-------|--------------------|------|
| 2300-1130 | Daily | Spanish/Indigenous | 4940 |

It is unclear how the name "La Montaña" (The Mountain) has been given to this station as it never seems to identify as such. However, Manuel Méndez commenting on WOR iog on 24 January 2022 said "I think that the identification "La Montaña" makes no sense at all, it is based on the fact that when this station first went on the air, for some time it was advertising a religious movie called "La Montaña", but I think it has nothing to do with the name of the station. It is more realistic to identify it as "Fuerza de Paz", since it is common to hear "Escribanos a Fuerza de Paz...", without really meaning that this is the name of the station. I believe that they are not interested in identifying themselves, nor in giving any e-mail address so that the DX-ers do not bother them, in my opinion they are not interested in reception reports, they only want to receive correspondence from the people to whom their message is addressed.

Ecuador

Vozandes Media

Vozandes Media emerged in 2009 from the German-language service of Radio HCJB, the Voice of the Andes, after the German-language work there was discontinued. German-language programmes were produced every day until the end of 2016 and broadcast via shortwave, Astra satellite and the Internet. After no new employees were found, the broadcasts had to be stopped. Today, Vozandes oversees the infrastructure to broadcast programmes in various Indian languages in the regions of Ecuador, Colombia and Peru via shortwave.

Transmitter site: Pico Pichincha, Quito - 10 kW.

British Antarctic Territory

BBC World Service Antarctic Midwinter Broadcast 2022

Every year, the BBC World Service makes a special programme for just a small number of listeners: the team of scientists and support staff isolated at British research stations in the Antarctic midwinter. The Antarctic Midwinter Broadcast is unlike anything else on the BBC World Service. Presented by Cerys Matthews, it features messages from family and friends at home as well as music requests from Antarctica. For decades it has been part of the traditional midwinter celebrations.

Time/UTC Date Language Target kHz
2130-2200 21 June 2022 English Antarctica 6035 6170 7205 9505

Note: frequencies listed are those used on 21 June 2021; all frequencies are usually tested one week before (i.e. 14 June)
