

Peter Harding with the 2010 Remembrance Day Contest.

I received a total of 261 Logs compared to 312 last year, with 2 logs for the receiving section 1 Log in the WWII Equipment RX only, and 1 in the VHF RX only.

The overall points totalled 41,111 points compared to last year's total of 42,453

This year I believe that we can attribute the slight drop in the number of logs to the Lighthouse Event and the RD Contest NOT falling on the same weekend this year. Unfortunately, this is going to occur from time to time.

Thankfully this year, 190 of the logs were created electronically, the other remainder that were posted, were either hand written or on the pre-designed forms that I made available. This made my task a lot easier and enabled a quick final result being made.

Amongst this year's entrants were logs from 8 "F" calls, compared to 21 "F" call logs in 2009. Well done to those "F" calls who participated. Next year we look forward to more and more "F" calls taking part.

Although many stations made contact with some of the ZL stations this year, we had only 1 Log in from the "Land of the Long White Cloud". The Certificate will be posted to the ZL ASAP.

Prior to last year's contest, I received a few request's for a section to be made available for operators using WWII Radio Equipment. Disappointingly, we received only 2 logs for Transmit /Receive and 1 operator submitted a WWII Receive Only log.

This year a some of the entrants were from club stations running Single and Multiple Operators, Multi Modes and Multi bands.

It is no surprise that VK6 once again will get their name engraved on the RD Trophy as the Winning State for 2010, although I must thank the Hams in VK5 who really improved the points from last year. I am investigating a method to balance out the overall winning state for next year's contest.

Well done to all those who took the time and effort to enter the contest and also Posted or Emailed in their logs.

Below is a table of the breakdown of Logs and points State by State for 2010 vs 2009

State	Logs 2010	Points 2010	Logs 2009	Points 2009
ACT	12	2467	19	1934
NSW	30	5385	31	5498
VIC/O	30	3254	37	5373
QLD	38	4715	33	4414
SA/NT	45	8126	56	5981
WA	76	12,410	100	14,715
TAS	29	4754	36	4360
PNG	0	0	0	0
ZL	1	74	3	178
Totals	261	41,185	312	42,453

In order to balance out the winning State by State Scoring points, I am looking at ways to achieve this, Once I have worked it out I will get them published in AR well before the Next RD in 2011
 Before the next Rd rolls around I will have posted to those operators who Hand wrote their logs several copies of a Computer generated log sheet and cover sheet, as some of the hand written sheets took a fair amount of deciphering, (but we got there).

By the time you read this in AR, all the Certificates will have been sent out, to all the First, Second and Third place getters.

Should any questions arise from this year's contest, please email them to Peter Harding, c/o vk4od@wia.org.au and I will do my best to answer your query.

Until next year.

Peter Harding
